

Flexibility Service Provider Participation Journey

V1.2

Dec 2023

Electricity Distribution

nationalgrid

#### Introduction

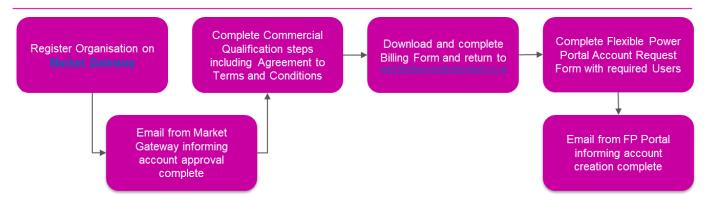

The following Diagrams summarise the end to end Journey of Flexibility Service Providers when participating in National Grid Electricity Distribution's Flexibility procurement activities.

A comprehensive guide detailing all requirements is available on the Flexible Power website.

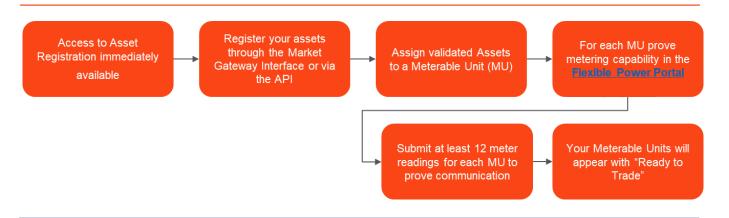

Further help and support can be sought by visiting the Market Gateway <u>Help and Guidance</u> page. Or by contacting National Grids Flexibility Team <u>nged.flexibility@nationalgrid.co.uk</u>.

#### Commercial **Technical Delivery** Trades Qualification Qualification 1. Access to Asset 1. Deliver Services 1. Register on 1. Complete the Market Gateway Trade Registration required Response dispatch 2. Digitally sign 2. Register assets start/start Overarching through the 2.
